### "AND MANY NATIONS SHALL PERISH"

## 1968 - END OF THE ROAD FOR U.S.A.?

CRISIS OF CHRISTIANITY PROFOUND - WORLD PAGAN EMPIRE EMERGING

NAKED PHYSICAL FORCE AND BARBARISM KEYNOTE OF NEW WORLD EMPIRE

### VALIANT DUST THAT BUILDS ON DUST

The year 1967 was an utterly disastrous year for the United States. In early summer, our mass media filled up with praises of Israel. The wider American public was given the impression that the "Great Victory" of Israel opened the road to a new Messianic Age. Photographs of Moshe Dayan appeared on the covers of TIME and NEWSWEEK. Jewish press-agentry indicated that we had now arrived in the Promised Land. Now, governed by the Jews, who are the Aristocrats of the World, we would enter the Messianic Age of world peace. In fact, the Year 1967 probably marked the downfall of modern civilization. We shall now be plunged into chaos, and the disasters of this bad year will reverberate for centuries to come. Even the Jews have suffered a major defeat. They have shown us what happens when pants-pressers, peddlers, and pawnbrokers try to play the role of "Aristocrats." The Jewish Novelist, Meyer Levin, author of the novel, COMPULSION, recently made a speech in a Synagogue in Miami Beach, known among local Gentile residents as "Yidville." Levin's speech, as reported in the MIAMI HERALD, was much less optimistic than the blatant propaganda of June, 1967. Levin pointed out that Israel is in a position of great danger, and that Jewish plans in the Middle East are gravely threatened. He pointed out that Israel is a small nation with no really great military power at her disposal. We pointed this out in COMMON SENSE long before Meyer Levin got around to it. We said that Israel is a "pipsqueak" military power, remember? We are glad to hear that a Jewish spokesman like Levin has finally gotten around to admitting this. Back in June, the Jewish media represented Israel to be "invincible" and told us that Dayan was the greatest military genius since Napoleon.

Back in June the Jews told us that the world was entering "The Jewish Messianic Age." What has happened to the New Jewish Messianism?

Plenty has happened. The Jews now face the greatest disaster in their history. What Hitler did to them will be a mere bagatelle by comparison. There has always been an argument about how many Jews Hitler liquidated. The Jews say roundly, "SIX MILLION JEWS." Other people say that such a number was impossible. Still other sour souls say, "Hitler didn't gas enough of them." We do not know how many Jews Hitler liquidated. We weren't there to count them, so we can't testify under oath about the matter. No matter. All that was twenty years ago. The Jews will do well to forget it and think of what is about to happen to them in the near-term historical future. How many Jews will be liquidated in the near-term historical future? We will tell you: NEARLY ALL OF THEM. Anti-

### GOD GIVE US MEN

★ PATRICK HENRY ★

"Gentlemen may cry, Peace, Peace . . . but there is no peace. The war is actually begun! Is life so dear, or peace so sweet, as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take; but as for me, give me liberty or give me death!"

Semitism is about to rage through the world as it never raged before. It will rage through France and Russia. It will rage through all of Western Europe. It will aim its hostility at the Republic of Israel. Not least of all, it will aim its rage at New York City, which is the real Capitol of World Jewry today. Christians will have little cause to gloat over this disaster of the Jews for it will strike us too. The emerging temper of the "New World" is Anti-Semitic, Anti-Communist, Anti-Christian, and Anti-American.

The year 1967 marked the bold emergence of a New Age in World History. This New Age WILL NOT be an improvement over the circumstances of former times. On the contrary, it will be an Age of Great Disasters. Lights are going out all over the world, and they will not be relighted in our time. It is useless any more to attempt to conduct political, economic, or religious controversies within the old frame of reference, which is now bankrupt. The "Communists" and the "Anti-Communists" will end up in the same grave, and, perhaps briefly, will be exposed to the public gaze for the blood brothers they always were, rather than the mortal enemies

### From the Will of Patrick Henry

"I have now disposed of all my property to my family. There is one more thing I wish I could give them, and that is the Christian religion. If they had that, and I had not given them one shilling, they would have been rich; and if they had not that, and I had given them all the world, they would be poor."

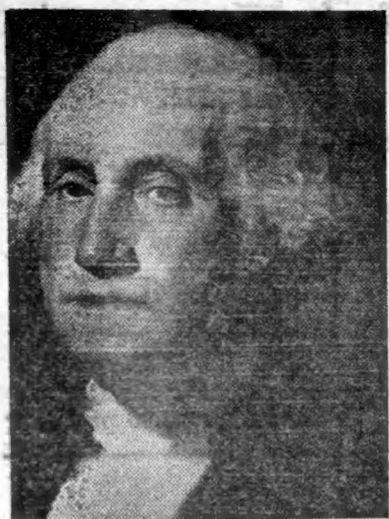

they claimed to be. But nobody will be long interested in them at all, and both will be forgotten quickly. The spiritual crisis of our time goes much deeper than that. Even such words as "Protestants" and "Catholic" will disappear from the world. These words have no meaning outside the framework of the Modern Age. The Reformation marked the real beginning of the Modern Age. In the post-modern future, Catholic and Protestant alike are destined to drift in spiritual limbo until new spiritual moorings are found. The crisis of Christianity is profound. The five-thousand-year-old structure of religious Monotheism is in serious jeopardy. None of this carries any seeds of consolation for Catholic, Protestant, or Jew. Most especially, it carries no hope for the "Caprew," (Catholic, Protestant, Jew) Religion promoted by the Mass Media in America. Nor does it hold any vestige of hope for the Secular Liberalism of our time. Spiritually and intellectually, it appears that our civilization is simply a problem of receivership in bankruptcy, a problem for the undertaker rather than the doctor. This is a sad thing to say, but, weighing the evidence, we know of no other truthful thing to say.

The world is emerging into an Age of pure "Brute Force" power, an age nearly totally unenlightened by commonly-accepted intellectual or spiritual aspirations. The Communist world is in much the same position as the Capitalist world in this regard. The Communist world does not really rely upon the ideas of Marx any more. It relies upon purely physical and mechanical power, skillfully deployed and exploited. A case in point is the recent Russian occupation of Yemen. Russia recently occupied this strategic country, lying at one of the most vital crossroads of the world. What does Yemen mean to you? It means plenty. During the 200 years in which our Republic has lived, the world has been a relatively orderly place, with Law and Order around the world. What force maintained that World Order? The British Navy. The United States has lived most of its life under the PAX BRITANNICA. We ourselves did not occupy or defend vital strategic positions around the world, but Great Britain did. At one time, the peace and order of the world rested upon about seventy long tubes made of fine steel. These tubes were called "Naval Rifles, and they were mounted on ships of the Royal Navy. The destruction of the British Empire has long been a prime objective of the destroyers of world order, and today that objective has been achieved. We may now quote Kipling with proper nostalgia:

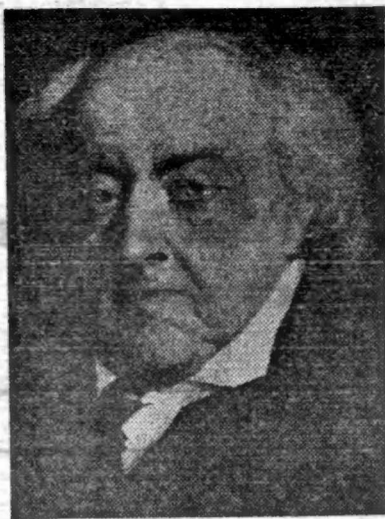

For heathen heart that puts her trust  
In reeking tube and iron shard,  
All valiant dust that builds on dust,  
And, guarding, calls not Thee to guard,  
For frantic boast and foolish word —  
Thy Mercy on thy people, Lord!

(Continued on Page 2)

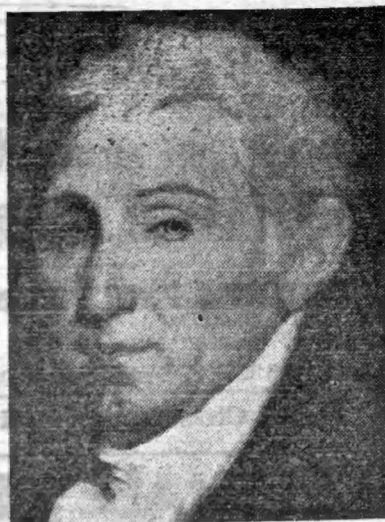

## STERLING PATRIOTS WHOSE CHARACTER AND GENIUS CREATED AND FASHIONED THE AMERICAN HERITAGE

GEORGE WASHINGTON

JOHN ADAMS

JAMES MONROE

Washington advised: "To be prepared for war is the most effectual way of preserving peace" and "It is our true policy to steer clear of permanent alliances with any portion of the foreign world." John Adams led initial fight for American independence with courage and patriotic disinterestedness. A statesman who could be counted upon to rise above partisan-

ship in time of crisis. Monroe's famous MONROE DOCTRINE served notice on European governments that any attempt at new colonization in the New World would be deemed an unfriendly act and became cardinal principle of American foreign policy. The Panama Canal sell-out would be unheard of if Monroe were president today.

### Valiant Dust That Builds on Dust

(Continued from Page 1)

Nevertheless, reeking tube and iron shard DID maintain a kind of order in the world for two centuries. Today that source of world order is gone, and no worthwhile new source of order has taken its place. We may expect now to have a period of world anarchy and disaster. What has taken the place of "Reeking tube and iron shard" in the Power-Structure of the world? Mainly, the big, loud lying mouth of the modern Jew. It was the Jews who destroyed the British Empire, in order to supplant it as a source of world order with their own worthless ideas. The worthless ideas of the Jews met the acid test in the year 1967 and failed decisively.

We are not entering into a period in which the world will "Go Communist" and be ruled by the Jews for a long period. We are entering into a period in which NO KIND OF IDEAS, including Communism, will be able to hold their own. We are entering an Age of pure, raw, savage barbarian instinct and power-lust, an Age in which the world will be governed by its belly and its muscle and its basic lusts, rather than by brainpower. The Power Structure of this new age promises to have no more brains than a spider. A spider has only an elementary nervous system, but see how skillfully the spider catches a fly! Ordinary people of either Christian or Jewish Faith have little notion of the appalling magnitude and intensity of the spiritual crisis which impends in today's world. The believer of our times has been taught to be a "Jolly Good Fellow" and to "Go along with the crowd." It is not deemed good taste to ask questions about where the crowd is going. For all we know, the crowd might be going to hell in a cart; indeed, it appears that they probably are. Atheists and Communists appear as indifferent as believers in these matters. Never mind where we are going: Just GO.

We may now begin to see where we are going. Let us see how Russia occupied Yemen. Did they send Communist agitators to deliver Marxist spiels? They did not. They sent their air force. In other words, they sent naked physical force, not the ideas which they claim have such great power. Thus they revealed infallibly where their faith really lies. Long ago, a man named Mohammed conquered this area with the power of an idea; but then Mohammed really HAD an idea. The present age has no ideas which are really worth anything. We have only the bankrupt gasbagery of the Jews. The "Communist" and "Anti-Communist" gasbags have argued for a hundred years over ideas which are not really worth anything at all, and which exert little or no real power in the world. We have heard a lot of gasbagery about "Red Russian Marxism." But when Russia really wants to seize a strategic position like Yemen, she

does not send her preachers of Marxism; she sends her air force.

What does the seizure of Yemen by Russia mean to the United States? It means that we can now use the Suez Canal only with the permission of Russia. Yemen dominates not only the Canal, but the alternate routes from the Persian Gulf around the Cape of Good Hope. In other words, we can ship oil from the Persian Gulf to the United States only if Russia allows us to do so. Russia can shut our Merchant and Naval shipping out of the area between Singapore and Suez. This route was the fabled "Lifeline of the Empire" in the days of the British Empire. British control of this route was essential to the PAX BRITANNICA and to the peace and order of the world. Russia now has occupied the position Britain formerly held in this area.

In June, Defense Minister Dayan of Israel was hailed as a "Great Military Genius," a sort of latter-day Napoleon. Israel went to war when Nasser closed the Gulf of Aqaba to Israeli shipping. Russia, now in Yemen, can close this route to Israeli shipping any time she pleases. What will you do about that Mr. Dayan? Will you go to war with Russia? In other words, the objective for which Israel fought in June has met its negation. Today nobody can enter the Red Sea if Russia chooses to stop them.

The disaster which befell the United States in 1967 can best be seen by looking at a world map. I hope that you have one handy. Look at the Middle East. Look at the Red Sea, at Saudi Arabia, which has the world's largest oil reserves. Take a pencil and trace lightly on your map the route of an oil tanker bound from Ras Tanura to Philadelphia. Remember that this is where much of the "go juice" in your automobile comes from. Now find Yemen. Imagine that you are on an oil tanker bound from Ras Tanura to Philadelphia. Russia has an airbase in Yemen and can operate submarines or surface warships from Yemen. What if Russia wants to stop your oil tanker? You might think that you can take the alternate route around the Cape of Good Hope, at the southern tip of Africa. But Yemen has a Russian airbase, remember? This route is within easy range of very ordinary conventional military aircraft based in Yemen. Russia can stop you from running your oil tanker on either route. Moreover, Russia no longer has to argue with Saudi Arabia. Russia now can TELL Saudi Arabia what to do. In the future, you will get oil from the Persian Gulf only at the pleasure of Russia, and you will pay the price Russia wishes you to pay. Now take your pencil and mark a big "X" on Saudi Arabia. Saudi Arabian oil is one of the things the United States lost in 1967.

We lost a great deal more than that in 1967. We lost NATO. We lost all of our Allies and are left alone in the world. We lost Western Europe. Again, Communist ideas played no substantial part in our loss of West-

ern Europe. Europe did not "Go Red" and never will. The Europeans are far more sophisticated than our American Pro-Communist and Anti-Communist gasbags. The men who sit in the Chancelleries of Europe know that ideologies are made for the sucker trade. Ideology is not taken seriously on the policy-making level in Europe. What attracted Europe into Russia's orbit was naked force, the magnetism of naked physical power, rather than Marxist ideology. Europe was encircled from the south by Russia. Dayan, the great Israeli military genius, handed Europe to Russia on a silver platter. With Russia in charge of the Middle East, nobody in Europe any longer resists expansion. All of Europe today is engaged in a mad scramble to get the best possible terms from Russia. The dim outline of a great "World Island Empire" is beginning to emerge. It is a frightening image. We shall see the rapid development of a set of tightly-allied Totalitarian states extending from the Atlantic across Europe and Asia to the Pacific, and from the Arctic Circle to the Indian Ocean. This will be the greatest conglomeration of economic and military power ever assembled on the globe. It will not be a "Communist" Empire. Men who possess this kind of power, this kind of resources, do not go about simpering over the "Plight of the masses." They go to work and exploit their captive masses with a will. In fact, the only thing which delays Russia in making a complete repudiation of Marxism is this: It takes a little time for the hard-working intellectuals to invent new ideas to take the place of Marxism. They are working overtime, though, and by 1970 should have something ready, especially since they will be aided in this labor by the hard-working Germans and French, who have always been mentally agile.

Some American Conservatives have dreamed of an alliance between the United States and Germany. You can forget that now. Nobody in Western Europe can afford to think of being allied to the United States any more. You had your chance at the German alliance long ago, and you muffed it. You will not have a second chance. You can now relax and think glumly what a powerful industrial combination the alliance between Germany and Russia will make.

If we wanted to have alliances, we would have to conduct our foreign affairs with at least some semblance of sanity. We have not done any such thing in the last sixty years. We have not been conducting an American foreign policy at all. We have been conducting a Jewish policy. The basis of that policy was an effort to rule the world by intellectual and financial power. That effort has failed. It has failed miserably, failed utterly, failed completely. Even the pants pressers emeritus who invented this policy should now be able to see the abysmal depth and magnitude of the failure of it.

Over the last year, we have traced the intrigues which have led to the downfall of Jewish power in Russia. The murder of Leon Trotsky was an important factor. Yet it was not mere intrigue which led to the failure of Jewish plans. It was REALITY. The Jew gambles everything on "The power of great Jewish ideas." The new "World Island Empire" which is emerging under Russian hegemony is obdurately resistant to ideas. It is the creature of naked force, naked power-lust, bare elemental instinct. The Jew has little real temptation to offer to this Empire. It simply does not need the Jew or his shoddy ideas. No matter how hard the Jew tries to hang on, he is sure to be done in. The new "World Island Empire" will be Anti-Semitic, Anti-Christian, Anti-American, and Anti-Communist. It will not have to bother about being "Anti-Communist" long, however. Marxism will be so quickly and completely forgotten that men will have difficulty recalling what it was. The New Empire will move quickly to install other beliefs. They are apt to be pretty barbaric beliefs. "Rebarbarization" will be the keynote of the new Empire. Paganism will be its religion. It is essentially a Pagan Empire; Paganism is the religion of the tangible and the material; this is why it demands idols; it must worship the visible, tangible object, not the Unseen Presence of monotheism. Therefore, the new Empire will persecute both Christians and Jews. We are near the time when Catholics will lose Rome.

# Benedict Arnolds Whose Perfidy Destroyed Our Heritage and Brought America to Her Knees

Compare our early presidents who made America great with the modern breed who are hell-bent on destroying it.

FRANKLIN DELANO ROOSEVELT

The arch-traitor of them all who, while deliberately planning the murder of their sons at Pearl Harbor, told American mothers: "... I give you one more assurance. I have said this before, but I shall say it again and again, your boys are not going to be sent into any foreign wars."

Anti-Semitism will be severe all over Europe and Russia. Jews may thrive, but only by renouncing Judaism; which indeed many of them already have done. Religious persecution will develop rapidly in the New Empire, but the individual who renounces the traditional faith will be allowed a peaceful entry into the new order. We may expect that traditional Monotheism will virtually disappear from Europe and Russia. Paganism is the religion of tangible force and power; and these are to be the basis of the New Order.

There will be no fight to overthrow Marxism. Marxism will disappear like dew in the morning sun. It will die naturally of boredom, disgust, and uselessness. The myth of a "dynamic, fanatic" Communism engulfing the world will be exposed for the piece of Yiddish charlatanry it has always been. The world will be engulfed by Paganism and Barbarism, not by Marxism.

The strategic position of the United States became utterly terrible in 1967. Our Sixth Fleet will be pushed out of the Mediterranean Sea. It simply will have no bases. NATO IS DEAD IN THE MEDITERRANEAN AREA. Greece and Turkey are near the edge of war; Greece is also on the verge of civil war. There is talk of pulling the Sixth Fleet back to Italy. What makes you think that Italy will welcome you? Europe is encircled from the South and rushing pell-mell to get the best possible deal with Russia while the getting is good. What makes you think that Italy will be immune from these pressures? We are finished in the Mediterranean Sea, thanks to having followed Jewish policy rather than an American policy. We are bitterly hated throughout the area for being lickspittles of the Jews, and despised for being too weak and stupid to assert a policy genuinely representative of our Nation. Our chances of maintaining any workable alliances in this area are non-existent. We have lost the Middle East and Western Europe in 1967.

We shall now confront a monstrously powerful "World Island Empire" which will be implacably hostile to us. It will also be enormously powerful. It will possess a far more powerful arsenal of nuclear weapons, thanks to the energetic "Peace Quacks" who have been steering us down the disarmament road to National Suicide during the years since 1961. The superb industrial systems of France, Germany, Czechoslovakia and Italy will be allied to Russia. Now, what can you do about this Empire? You can either fight it, or else submit to being exterminated like so many vermin. More likely, you will follow the latter course. The appeasers will spring into action almost immediately. Who will THEY be? In the first place, Big Business. They have invested billions around the world,

HARRY SOLOMON TRUMAN

Among other crimes, HST betrayed America and the world at Potsdam, dropped the atom bomb on Japan while she was negotiating for peace, fired MacArthur because he wanted to win in Korea, recognized the illegitimate state of Israel two minutes after it declared itself a state.

in the belief that they could control World Marxism and build a World State in which their investments would be secure. Now they will try to make a "deal" to protect their interests. They will not stop at treason. They never have in the past, and they will not now. Moreover, the Jews seeing the defeat of their attempt to achieve world power through "Intellectual supremacy," will play for time and try to get a foothold in the New Empire. In this way, they will bring about both our destruction and their own. The New Empire will be absolutely remorseless in its demands for conformity to the standardized beliefs which its intellectuals will create as a basis for its political cohesion. They will treat the Jews with the same contempt they will have for everybody else.

Where do we go from here? Last summer, your Jewish weissenheimer journalists said that "Russia is embarked upon a policy of maximum noise and minimum actual risk in the Middle East." In COMMON SENSE, we said that Russia was embarked upon a sharp, fast, and deadly campaign to TAKE OVER the Middle East. Now Russia's Air Force has occupied one of the most strategic bastions of World Empire, the Yemen area. How about it, Mr. Dayan, "Great Military Genius"? Why don't you rush your little Army down there and drive them out? They can cut off your shipping any time they please, you know, just as Nasser did. As for the risks Russia has been willing to take in the Middle East, even Stalin warned against attempts to occupy such places as Yemen. "It would mean war with the West," Stalin said. The position of the West has so deteriorated, thanks to Jewish machinations, that Russia can now do to us with impunity something which would have meant war only a few years ago. The Jewish news agencies were wrong. Russia did not embark upon "A course of maximum noise and minimum risk."

Now look at your world map again. Find a narrow body of water called the Straits of Malacca. This is the route which ships follow when passing Southeast Asia. There is no other practical route through the area. That is why Great Britain long maintained a great Naval Base at Singapore. We are losing this strategic waterway, thanks to the no-win war in Vietnam. Vital interests of the United States are at stake in this area. British Naval Power in this area was the very foundation of world order for a long time. The United States, thanks to Jewish mismanagement of our affairs, has failed to fill the role of Great Britain in keeping order in this area. We are about to be shut out of the whole area between Singapore and Suez, which in turn will mean that Russia will take over India and Southeast Asia at leisure, and without substantial opposition.

FDR - Master of Deceit  
HST - Without Dignity  
LBJ - Wheeler-Dealer in  
"Bread and Circuses"

LYNDON BAINES JOHNSON

With "friends," Marxist radical, M. L. King and arch-Zionist Jake Javits. LBJ's traitorous actions are plain for all to see. To name a few: His "Great" socialist society, no-win war in Vietnam, insane foreign aid spending, disarmament program, civil riots program, and the war on poverty...

What can Americans hang onto in this kind of world? You will be lucky if you manage to keep your skin.

The sad fact is that 1967 was a disastrous year for the United States. In 1968, we shall be living in a Danger Zone. The follies of past years have come home to roost, and the world crisis has shifted into high gear. Events will move rapidly toward a crisis of great magnitude.

What has brought us to our present desperate situation? Mainly, "Jewish Supremacy" in the United States and Great Britain. The Jews were the destroyers of the British Empire. In World War II Great Britain fought Hitler with great valor. It must now seem to have been wasted effort. The plain fact is that Britain could have gotten a better deal from Hitler than she got from her "Allies" in World War II. In the 1930's, there was a group called the "Cliveden Set," who were supposed to be Nazi sympathizers. They were in fact nothing of the sort, although they were so accused in the American Left-Liberal press. They were simply people who knew the name of the game, and knew what the Jews were trying to do to the British Empire. Bernard Baruch did more damage to Great Britain, in the end, than Hitler would have done. It was the Money Power of New York and London City which decreed the dissolution of the British Empire. They "freed" India, and turned her over to rascals who run the Congress Party in India today. They broke the alliance between Great Britain and Japan, an alliance which had kept order in the Orient for 75 years, in order to turn China over to the Communists. They manipulated us into World War II by forcing Japan to attack a decoy fleet at Pearl Harbor. Our fleet was caught off guard, without warning. It was said that a telegram from Washington to Admiral Husband E. Kimmel was "delayed." This is sheer nonsense. If such a message was delayed, it was because somebody wanted to have it delayed. Such a tale might be put over upon the unknowing, but not anybody who really knows how Naval messages are handled. An important Naval telegram is marked "O" which means "Operational Priority." How do such messages go? I will tell you: THEY GO FAST. If anyone had really wanted to warn Admiral Kimmel, a radio message from Washington would have reached him in a matter of minutes. If he had been asleep, a polite junior officer would soon have been shaking him gently awake. The plain fact is that our fleet at Pearl Harbor was used as a decoy to get us into war on the Jewish side. Jewish influence in Great Britain also prevented any deals with Hitler. A deal with Hitler would have been

(Continued on Page 4)

## THE PRICE THEY PAID

Have you ever wondered what happened to those men who signed the Declaration of Independence?

Five signers were captured by the British as traitors, and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army, another had two sons captured. Nine of the 56 fought and died from wounds or the hardships of the Revolutionary War.

What kind of men were they? Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated. But they signed the Declaration of Independence knowing full well that the penalty would be death if they were captured.

They signed and they pledged their lives, their fortunes, and their sacred honor.

Carter Braxton of Virginia, a wealthy planter and trader, saw his ships swept from the seas by the British navy. He sold his home and properties to pay his debts, and died in rags.

Thomas McKean was so hounded by the British that he was forced to move his family almost constantly. He served in the Congress without pay, and his family was kept in hiding. His possessions were taken from him, and poverty was his reward.

Vandals or soldiers or both, looted the properties of Ellery, Clymer, Hall, Walton, Gwinnett, Heyward, Rutledge, and Middleton.

At the Battle of Yorktown, Thomas Nelson Jr., noted that the British General Cornwallis, had taken over the Nelson home for his headquarters. The owner quietly urged General George Washington to open fire, which was done. The home was destroyed, and Nelson died bankrupt.

Francis Lewis had his home and properties destroyed. The enemy jailed his wife, and she died within a few months.

John Hart was driven from his wife's bedside as she was dying. Their 13 children fled for their lives. His fields and his grist mill were laid waste. For more than a year he lived in forests and caves, returning home after the war to find his wife dead, his children vanished. A few weeks later he died from exhaustion and a broken heart.

Norris and Livingston suffered similar fates.

Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. They were soft-spoken men of means and education. They had security, but they valued liberty more. Standing tall, straight, and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes, and our sacred honor."

**They gave us an independent America.  
CAN WE KEEP IT?**

## IMPORTANCE OF POLITICS

"I love those who fight for the integrity of the West, whoever they may be. And, as much as I fear and mistrust the outer enemies of the West, I despise our inner enemies and the cowards who support them far more—and I hate their putrid doctrine that calls our continuing degradation 'inevitable.'"

"Survival hinges on FAITH: faith in our future, faith in our superiority and survival . . . Faith is and will always remain the essential ingredient in every historical force. Only a unifying faith can provide the common motivation for survival . . . Very simply: the IMPERATIVE OF INSPIRING THAT FAITH is the central PROBLEM OF OUR TIME.

"We are so far gone; our philosophies, liberties and cultural patterns are so perverted or eroded that bare survival is all that is possible . . . much must be sacrificed . . . It is one thing to fight for an attainable ideal, but another to sacrifice for a lost cause. In determining what is attainable and what is forever lost a philosophy of history is needed.

"POLITICAL POWER IS THE ESSENTIAL CRITERION, NOT WISHES OR WINDBAGS, AND TO THE GOAL OF POLITICAL POWER ALL ELSE MUST BE TEMPORARILY SACRIFICED. The practi-

cal problem of the recapture of political power divides itself into other questions . . . The conspiracy we face is the hideous monster spawned of four millenniums of experience in guile and deception; so much so, in fact, that its main ally always has been the OBTUSE BLINDNESS OF THOSE ON WHOM IT FEEDS. "Struggle" to a man of the West means bullets, armies, and aircraft carriers. But to our ENEMY, international wars are of little meaning; "struggle" to him means not war but POLITICS, and accordingly he has perfected his weapons in this most decisive of areas. Soldiers have never made good politicians . . . the soldier must always lose to the man of politics.

"To quit the search for such an ethic (recapture of political control) is to abandon history like the intellectual and spiritual nihilists — the liberals and beatniks. To quit the search is to turn over to the inner enemy carte blanche control over our lives, souls and fate.

"The failure to provide this philosophy is not alone the fault of the chameleon-like inner enemy of the West (the Zionist/Jew Culture Distorter), which mercilessly persecutes and smashes all who dare to cry out against our rapid decline and degeneration; in all truth, it is MAINLY THE FAULT OF THE MANY THOUSANDS WHO FULLY KNOW THE ISSUES AT STAKE YET HAVE NOT THE MORAL COURAGE TO IDENTIFY AND FIGHT THE CULTURE DISTORTER; or —worse yet—who have, by diligent self-persuasion, convinced themselves that the battle for survival against an enemy that demands nothing less than total surrender can be fought and won with tax-deductible corporations, measured, 'moderate' words and avoidance of 'extremists.' These dainty combatants swarm over every anti-communist movement like ants on sugar. By shrilly demonstrating their anti-communism they bribe their consciences to give them peace and often go so far as to join in the crucifixion of those few with moral courage lest they, too, be adjudged 'guilty' by association.

"AMERICA HAS TOO MANY OF SUCH ANTI - COMMUNISTS AND TOO FEW REAL PATRIOTS."

(Extracts from Introduction, pp. xviii-xxi to IMPERIUM by Francis Parker Yockey).

## Valiant Dust That Builds on Dust

(Continued from Page 3)

better than what has happened to Britain since. Today Britain is utterly ruined, stripped of Empire and power. Who did it? The Jews, mainly through their power in the United States. The PAX BRITANNICA is ended, and the Jew-Marxist effort to build a world state through the power of Jewish money and Jewish intellect has failed.

What remains for the world now? THE ICE AGE. The age of Naked Force unrestrained by intellectual or spiritual considerations, an age of disaster, anarchy, and ruin. It is likely that from one-third to two-thirds of the world's population will perish in the coming crisis, and, in terms of progress, the world will be hurled backward for hundreds of centuries, almost to the level it occupied at the dawn of history.

The crisis which now is about to grip the world is a crisis, which, as Oswald Spengler said "Searches out every question of being." The only sure thing which can be said about the opinions and beliefs which you have inherited from the past is that they are now virtually worthless. The events of 1967 shattered the very frame of reference within which such opinions were set.

The crisis has been in the making for a long time. It has a long history of ignominy and double-dealing. So anxious were Bernard Baruch and his cohorts in New York to destroy the British Empire that they sacrificed thousands of American lives in the process. Not only was the Fleet commanded by Admiral Husband E. Kimmel at Pearl Harbor sacrificed; the American defenders of the Philippines were also sacrificed. America deliberately hung back from the War in the Far East for a certain period. Why? IN ORDER TO GIVE JAPAN A CHANCE TO WIPE OUT THE BRITISH, FRENCH, AND DUTCH COLONIAL EMPIRES IN THE FAR EAST. Then WE would move to wipe

out Japan. This cost untold thousands of American lives, but what are lives to a man like Bernard Baruch? We sent no aid to our fighting men at Bataan. Winston Churchill, on the other hand, sent the H.M.S. PRINCE OF WALES and H.M.S. REPULSE in a valiant effort to protect the British garrison at Singapore. With a little American air support, the effort could easily have been successful. In fact, American Jewish intrigues prevented Churchill from supplying even British air support, and insured the loss of the PRINCE OF WALES and the REPULSE. Bernard Baruch did not want the British to win. Baruch had other friends and allies in the Far East, such as Borodin, the Jew who laid the foundations of Communist China, and Ho Chi Minh, a flunkey of French Big Business, especially the House of Rothschild, a man who was once a police stool pigeon for the French Colonial Police. The whole purpose of Jewish policy, which dominated Washington during World War II, was to deliver East Asia into the hands of the Jew-Marxists. Indonesia was steered into Communist hands after World War II. China went Red. To this day, every effort is being made to deliver Vietnam and all the charming, multi-colored peoples of Southeast Asia into the hands of the Marxist. To this end, our National Honor has been gravely compromised. The Jewish Machine in Washington betrayed Admiral Kimmel and the U.S. Fleet at Pearl Harbor; betrayed American fighting men at Bataan; betrayed and ruined our British Allies in World War II. Today the British must bitterly regret not having made a deal with Hitler while the chance was good. The allegedly Neo-Fascist "Cliveden Set" has been proven right.

We would have been endangered by the success of Jewish policy and machinations; we are still more greatly endangered by the failure of Jewish policies. Endless volumes could be written about why the Jews have failed; but this is not really necessary. They have failed because they are natural born pants-pressers, peddlers, and pawnbrokers, and not the "Aristocrats of the World" as they like to claim. We might as well trust the levers of National Power to a crowd of idiot children as to the Jews. "Jewish Supremacy" has brought this Nation to the brink of final ruin and oblivion. We are deserted by the allies whom we have treated perfidiously. We are accused by the ghosts of our own betrayed and deserted fighting men of Bataan and Pearl Harbor. The Jews have delivered us to a position of ignominy and danger. They should retire from the positions of special power which they have usurped in American Life, if only to save their own hides. They will not have the wisdom to do this. They are people of such low character that their cold hearts and muddy minds will make them our leading appeasers and betrayers. They probably will manage to hang onto the Power which they exercise in such a hopelessly incompetent and corrupt manner, and, in such a position, will drag this Nation to its final ruin.
